EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Claims 37-44 are cancelled.

The following is an examiner's statement of reasons for allowance:

Regarding to claim 1, the prior art (Braginetz) discloses a receiver structure for receiving a test adapter having external location portions comprising a generally rectangular frame having left and right inwardly facing surfaces, left and right cam plates slidingly mounted adjacent to the left and right inwardly facing surfaces of the generally rectangular frame, each of the left and right cam plates including a cam slot, a lever assembly including a user accessible lever portion, the lever assembly being arranged in a driving relationship with the left and right cam plates, and two or more hanger structures, one of the hanger structures being mounted adjacent to each of the left and right cam plates and the hanger structures each including a guide slot, however, there is no reference teaching or suggesting of a hanger structure being mounted for sliding movement between an outwardly projecting and a retracted position in the claimed combination.

Regarding to claim 19, the prior art (Braginetz) discloses a testing apparatus comprising: a receiver, including a generally rectangular receiver frame having left and
